

YOUR DONATIONS AT WORK

We just came back from our Annual trip to Ghana and as you can imagine we have lots to tell you . Six of us travelled from Vancouver, arriving there in early March in the hot dry season with temperatures in the low thirties. We were joined by eight of our local volunteers so our group of 14 volunteers set out from Accra for our 7- day road trip to visit the children we support in 8 different villages scattered throughout through the mid to southern portion of Ghana.

THE TEAM read more

Before we left Accra though we had to go to the famous Makola market where we did 2 days of shopping for 480 sets of textbooks, (math, english, science), school uniforms, shoes, backpacks , pens, pencils and yes, soccer balls

The Villages we Visited

We personally visited 8 villages on the road trip and sent representatives to 3 others. You can imagine the joy on the faces of the children in each village as we arrived in our van with several boxes of the supplies we had brought for them. It was like Christmas in March ! In each village we had one on one meeting with each sponsored child and their parent or guardian and encouraged them about doing well in school.

Our Charity Impact

- We sponsor children in 13 villages.
- A total of 450 children are being sponsored and given the chance for an education and a chance for them to break the cycle of poverty.
- We spent over \$60,000 in Ghana on purchases, transportation, and accommodation, many with small suppliers, positively impacting on local economy.
